

OSA-1486-68
Copy _____ of 6

30 April 1968

Dear Jim,

1. In accordance with the terms of Contracts CW-6722, FH-7320, FH-7321, and FH-7322, you are hereby requested to identify and submit a listing of all remaining Government-owned property acquired or furnished under subject contracts, including property, if any, transferred from previously completed contracts. You may omit those items which [redacted] has already documented 25X1A

2. This will enable us to obtain an early start in determining the proper and orderly disposition of such property and eliminate a factor which sometimes causes delays in making final payments and closing out contracts. 25X1A

3. You will receive detailed instructions from [redacted] setting forth the procedures, required actions, and target dates for accomplishing same. By copy of this message [redacted] is requested to initiate this action with the Contractor. 25X1A

4. It is considered that Government-owned property would include GFP, GFAE, IPE, CFE and would encompass property in bonded stocks, production machinery, facility items, special tooling, test equipment, component parts, and residual items.

5. Your cooperation with [redacted] in this 25X1A matter will be appreciated.

Regards,

Burt
